MEN ELECTED TO BOARD.

Electoral Committee Choses Technique 1908 Board.

The 1908 *Technique* Electoral Committee has elected the *Tech* Board with the exception of the Art Staff, which will be chosen in May after the close of the competition. The Board elected is as follows:

ASSOCIATE EDITORS.

M. E. Allen H. A. Rapelye
B. L. Gimson G. S. Witmer

BUSINESS MANAGERS.

J. C. Brooks W. B. Given, Jr.
H. R. Putnam W. A. Adams

STATISTICIANS.

W. R. Heilman H. Webb

SOCIETY EDITOR.

F. H. McGuigan

ATHLETIC SOCIETY.

G. T. Glover

The following is an account of the business transacted in the twelve meetings of the Board: The first meeting was called to order by Mr. Heath, president of the class, on Wednesday, March 14. Mr. McGuigan was elected chairman, and Mr. Webb secretary-treasurer. Mr. Donnewald, Editor-in-chief of the 1907 *Technique*, explained the manner in which the elections have been conducted in past years and spoke of several things more or less established by precedent. A committee of three was appointed to draw up the Constitution, which was adopted at the next meeting.

On March 19 the committee for the art competition was chosen, Messrs. Williams, Vonnegut and Dolke being elected. At the fifth meeting Messrs. Witmer, M. E. Allen, Rapelye and Gimson were elected.

The seventh meeting was devoted to the discussion and election of business managers. Messrs. Brooks and Putnam were elected and at the next meeting Mr. Given was elected the third business manager.

At the tenth meeting, on April 4, Messrs. Heilman and Webb were elected statisticians, and in the last two meetings Mr. McGuigan was elected society editor, Mr. Adams the fourth business manager, and Mr. Glover athletic editor.

The officers of the Board, comprising the editor-in-chief, the business manager, the secretary, the treasurer, and the chief art editor will be chosen by the Board itself during May.

The baseball game scheduled for yesterday afternoon between the Tech 1908 and Demeritte School teams was cancelled early in the day.

The following men have been nominated for vice-president of the Freshman class: A. L. Moses, W. B. Jenkins, A. Dickerman, B. E. Hutchinson, and G. L. Lawrence. Ballots will be mailed at once to all members of the class.

COURSE VI THESES.

Varsity of Electrical Tests and Investigations Chosen by Seniors.

Ashmore and Stanton, "A Study of the Operating Characteristics of Various Types of Storage Battery."

E. B. Bartlett, "Interpole Variable Speed Motor."

Batchelder and Chase, "Operating Efficiency of Gas Engine Plant."

O. B. Blackwell, "Enclosed Fuses."

Cady and Powell, "Voltmeters for High Frequency Currents."

Carr and Poole, "Single Phase Crane Motor."

Cartagena and Eliot, "Study of the New Types of Incandescent Lamp."

Clarke, "Study of a Hydro-Electric Plant."

Coey and Kasson, "Test of Lowell Railway Power Plant."

Davis and Tillson, "Turbine Plant of United Shoe Machinery Company at Beverly."

Dean and Ginsburg, "Brake Tests on Newton and Boston Street R.R."

Green and Parsons, "Cars Run on Schenectady Street Railway."

Hamilton and H. K. Munroe, "Power Plant Test."

Jackson, Key and Woodruff, "Tandem Running of Induction Motors."

Keleher and Morse, "Study of Mercury Rectifier."

Kidder and Morse, "Brake Tests on the Boston and Worcester Street Railway."

W. N. Munroe and Whiting, "Thompson-Ryan Variable Speed Motor."

Richardson and Thompson, "Plant Test, Boston and Worcester Street Railway."

Sherman and Young, "Electric Drive for Mills."

Steel and Wetterer, "Diesel Engine Plant at Mansfield, Mass."

GYMNASTS TO HOLD MEET.

The Second Annual Gymnastic Meet will be held at the Gymnasium Friday evening, April 13, at eight o'clock. The meet will comprise exhibitions on the long and side horse, buck, flying rings, parallel bars, high horizontal bar, horizontal ladder, high and pike, driving, tumbling, pyramid formations and club swinging. A handball match and a boxing bout will be additional features of the evening.

HARE AND HOUNDS.

The next Hare and Hounds chase will be held at Wellesley on Saturday, April 14. The trail will probably be under five miles in length, and an easy pace will be set so that any one can keep up. As the country at Wellesley is excellent for "cross country" this should be the best run of the season. The management expects a large number of men to turn out, and will arrange for a special car on the 2.07 train from the Trinity Place Station.

SHOW PHOTOGRAPHED.

Individual and Group Pictures of Cast Taken Last Sunday at Marceau's.

The photographer has now had his share in developing and advertising the Tech Show. Early Sunday morning the entire cast assembled at the Marceau studio on Tremont Street, and at nine o'clock the dressing began. Many pictures were taken of the whole cast, of the chorus, and of various sub-groups of different members of the chorus, and then individual and group pictures were taken of the principals.

The difficulty and magnitude of the task of successfully carrying through the dressing, making-up and posing of such a large company will be comprehended when it is considered that the photographers were not through with the chorus until noon, and it was 2.15 P.M. before they had snapped the last group of the principals. Special care was taken in making up, and much merriment was caused by the dozens of feminine figures, upon whose owners *pro tempore* girlhood had been thrust for the first time. Dressers of the Cadet Theatricals cast who were present, pronounced the costumes even superior to those of the players in "Miss Pocohontas."

SOCIETY OF ARTS.

The 622d regular meeting of the Society will be held in 22 Walker tomorrow evening at eight o'clock. Mr. Ernest Harold Baynes will address the Society, by special request, on "The American Bison: Our Grandest Native Animal." This lecture is one which is regarded by naturalists as of great importance and interest, and presents a strong plea for the preservation of the buffalo. The lecture will be illustrated by lantern slides. Members are requested to invite friends interested in the subject.

TO ADDRESS Y. M. C. A.

Rev. A. P. Fitch will address the Technology Christian Association on Thursday noon. Mr. Fitch is a graduate of Harvard University, and also of Union Theological Seminary in New York City, where he studied under Charles Cuthbert Hall. Although he has been here but little over a year, he has taken a prominent position in the city. He is well known by the Harvard men, and is a very forceful and successful speaker, especially among college men. He has chosen for his subject on Thursday "A Student's Responsibilities." It is expected that a good number will be present.

Ralph Earle Sampson, son of the late Rear Admiral, re-entered the Naval Academy as a member of the fourth class. He was dropped recently from a higher class on account of deficiencies in studies, but was re-appointed by the President.

Wednesday, April 11, 1906.

THE TECH takes pleasure in announcing the appointment of P. B. Barrett, '08, L. H. King, '09, and M. E. Denny, '08, to the News Staff.

The Sophomore Electoral Committee is to be commended for the excellent judgment it has shown in the elections to the 1908 *Technique* Board. The results of the deliberations of the committee, announced in another page of this issue, show careful consideration of the possible candidates and an earnest desire to elect the best men to positions on the *Technique* Board. Upon these men rests the responsibility of maintaining the high standard of the Annual and we wish them every success.

Nothing is more bewildering to the members of an organization than to have two of its officers deputed independently to make arrangements for a meeting. THE TECH received yesterday separate notices from the president and secretary of the Ohio Club, respectively announcing that a meeting would be held today at one o'clock in 21 Eng. A and in 11 Rogers. Not to mention the absurdity of the conflicting announcements, THE TECH, at such an occurrence, is placed in a dilemma as to which shall be published. Such a patent lack of unity among the officers of a club is certainly deplorable.

The tickets for the Spring Concert and Dance will be sold under the same conditions as in previous years—tickets may be purchased from any member of the clubs, and they are exchangeable for the regular reserved seat checks three days before the concert, in Rogers Corridor. The idea is to get some estimate of the number to provide for. As an inducement to obtain the exchange

tickets beforehand, the management will reserve a section of the seats for holders of such tickets. The clubs are striving to have this the best concert of the year and the members look for the support of the students who enjoy meeting their fellow classmates in this way to make it a success.

NOTICES.

(Continued from page 1.)

Convocation.—The convocation at which President Faunce of Brown was to speak is postponed from April 16 to April 23.

Technique 1908.—All men who intend to try for *Technique 1908* Art Staff will please notify some member of the Competition Committee at once.

Technology Club.—Mr. Roland Thomas will address the Club on the ninth evening of the season, Saturday, April 14, at 8 P.M., taking as his subject, "The Philippines." Members may bring guests.

Civic Club.—There will be a meeting of the Civic Club in 16 Rogers at 7.30 P.M., Friday. The subject for debate is, "Resolved, that Municipal Ownership is both Possible and Advisable in these United States."

Journal Club.—There will be a meeting of the Geological Journal Club in 11 Eng. B today at 4.15 P.M. Mr. Lawrence Martin will speak on "Recent Changes of Level Due to the Earthquake of 1899 in Alaska." All persons interested are cordially invited to attend.

Summer Work.—A Springfield firm has positions for Tech men, paying \$2.00 per day and upwards according to ability. See A. C. Nichols, '08, at Cage, 1.05-1.15.

Gentlemen:

Lighter weight overcoats are now
in order, and most of us thoroughly
appreciate the ease and comfort of
the change from the clumsy winter
coat to the more graceful and easier
handled light weight.

Fashion has decreed that soft
grays with more length than for-
merly, and fashioned more to the
body, are to be the thing.

There's good reason for the
change; the new lengths will cover
the longer sack suit, the cutaway,
or the frock coat.

Scots & Company, having anti-
cipated the demand from good
dressers for something distinctive in
light weight top coats, are prepared
to show models and fabrics which
are beyond criticism.
